SESSION 2026-2027

Dated: 21.03.2026

Dear Parents

We personally wish to thank you with a heart full of joy and mind enveloped with thoughts of exuberance on the occasion of completing 53 years of Excellent working in the field of education. Its true that this couldn't have been possible if your equal labour and cooperation was not there. Your joint hands helped us to produce excellent result in our branch this year.

Congratulations and a warm welcome to all of you for being a part of New Era Academy, Lucknow, whose success keeps coming from commitment made to each other. I'm grateful for your encouragement and co-operation for excellent result for the year 2025-2026 and much better we expect for the new session this year. Our aim of education is not merely acquisition; instead it is devotion to humanity and to view things in perfect clarity to equip the individuals for meeting challenges of life and to prepare them to shoulder their moral responsibilities. Steady progress and consistent efforts have made our school stand among the top most, esteemed and reputed institutions of the city. This is really a back thumping achievement. The quality of education imparted has undergone a remarkable improvement and consequently the academic performance has witnessed a revolutionary change. The record breaking performance of the New Era in it's inter school competitions has been praiseworthy. We have some great talents in our school who have earned name and fame for the school by giving extra ordinary performance at such events.

It is rightly said that education is a continuous process of learning by which a generation is prepared for the future. It provides opportunities to develop every aspect of the personality. It has no limits, no restrictions other than mind itself. It is an unending voyage of discovery and adventure.

Our school is an extension of home with more people to help the child and peer group to show new experience with larger area of flight. This calendar will establish correlation and better understanding between school and home. It should be used by pupils to record their day to day school activities, to write down home work and get the school circular acknowledged.

No doubt you are your child's primary teacher and that your parental involvement is a key factor in your child's success at school. Your involvement helps your children to do better in school.

So dear parents, cooperate with the teachers, in turn seek all the assistance from them in studies and discipline for the welfare of your children. Let us work as one unit, one aim and one integral vision.

Mrs. Babita Jaiswal
(Principal)

School Regulations

1. Students are expected to take part in the games, sports and other college activities in pure team spirit and in a spirit of sportsmanship.
2. Students must learn to work and play together. The team spirit is necessary and healthy in all spheres of school life.
